Skill Development Workshops 2018

presented by

NATIONAL PEDIATRIC HYPNOSIS TRAINING INSTITUTE

October 4-6, 2018
Crowne Plaza Minneapolis West
3131 Campus Drive
Plymouth, MN 55441

In Collaboration with
Minnesota Society of Clinical Hypnosis
University of Minnesota Department of Pediatrics
Children’s Hospitals and Clinics of Minnesota

Sponsored by
Fairview Health Services
• Highlighting Guest Faculty: Stefan Friedrichsdorf, MD, Director of the Department of Pain Medicine, Palliative Care, and Integrative Medicine at Children's Hospitals and Clinics of Minnesota. An Associate Professor of Pediatrics, he is globally renowned for his clinical and teaching expertise & has received numerous international awards.

• EXPERIENTIAL learning activities comprise OVER HALF of each workshop!

• Learning practical hypnosis skills is the primary focus of all three workshop levels

• Seven new choices for Mini-Intensive Clinical Application sessions (90 min. each).

DESCRIPTION OF WORKSHOPS
These intensive workshops feature a combined lecture-demonstration-experiential training format with a developmental perspective in the use of clinical hypnosis & its empirically supported applications to children and teens with various medical & mental health conditions and challenges. Both research-based and pragmatic hypnotic interventions are taught.

• Cutting edge presentations (including VIDEOS of faculty cases) highlight therapeutic communication, goal setting and goal-driven suggestions and other hypnosis strategies.

• Faculty: Our multi-disciplinary, seasoned pediatric clinician-teachers with expertise in pediatric hypnosis include the most renowned leaders-teachers-researchers-authors in this field.

• Three levels of workshops: Fundamentals; Utilization & Expanded Clinical Applications; & Individualized Consultation offered to licensed pediatric clinicians with advanced degrees and to full-time trainees working toward a clinical license.

• Extensive experiential learning: Activities during presentations, and abundant supervised practice of hypnotic techniques within supportive small groups with a high faculty to trainee ratio.

• Registration fees include: Workshop presentations, Online syllabus, Small Group exercises, a comprehensive Bibliography, a Complimentary Wine Reception, Hearty continental breakfasts, & Generous morning & afternoon refreshments.

ELIGIBILITY AND TARGET AUDIENCE: Requires an active clinical license AND one of the following:

• Doctoral Degree in Medicine, Psychology, Nursing or Dentistry

• Masters Degree in Social Work, Marriage and Family Therapy, Clinical or Counseling Psychology

• Masters Degree in Nursing or a Registered Nurse with subspecialty certification (i.e. APRN, CPNP, CNS)

• Other Advanced degree clinicians (e.g. Occupational & Physical Therapists, Speech & Language Pathologists, et al.)

• Child Life Specialists holding a Doctoral, Masters, or Bachelors degree

• Full-time Interns/Residents/Fellows or Graduate Students enrolled in an accredited program leading to these clinical degrees will be accepted when they provide a letter from their department on letterhead, attesting to their current full-time status, specifying timing of training (month and year).
FUNDAMENTALS OF PEDIATRIC CLINICAL HYPNOSIS (Introductory) WORKSHOP:

This workshop is for clinicians who have NOT YET completed a pediatric-specific hypnosis training (20+ hours) and for clinicians wanting a refresher or solidification of confidence in fundamental pediatric hypnosis skills.

- Basic skill-building in hypnosis as therapeutic communication and adjunctive intervention for children/teens with clinical conditions.
- Clinical focus: hypnosis adjunctive management of pain, anxiety, fear, and sleep issues for children and teens at different developmental stages.
- State-of-the-art presentations include instructional videos (faculty cases) and case vignettes.
- Experiential learning is a critical focus: Over half of total workshop time is spent in very small group practice (6:1 trainee: faculty ratio) and large group exercises focused on the structure and elements of clinical hypnosis with children/teens, using therapeutic language, explaining hypnosis to parents and children, delivering goal-directed hypnotic suggestions, and the use of self-hypnosis.

INDIVIDUALIZED CONSULTATION WORKSHOP: Personalized and Peer Mentoring

- Provides extensive, individualized mentor consultation to clinicians ready to enhance their knowledge and expertise in the use of pediatric hypnosis.
- Fulfills partial requirements for attaining ASCH Certification in Clinical Hypnosis and/or an ASCH-Approved Consultant.
- Unique format: Clinicians consult in a small group (max = 6) with rotating faculty facilitators (ASCH Approved Consultants).

In addition to thoughtfully-matched Faculty consultation, this models expects participants to learn from one another and to have their own expertise affirmed and expanded. During the consultation sessions, the focus is on issues unique to each practitioner’s practice as reflected in their video submissions. Participants must present a video-recording of hypnotic work with a pediatric patient and a corresponding typed case vignette of the video.

A firm deadline for video submission is July 1, 2018. A “how to” guide to help learners develop effective video recordings will be provided. Prior to registering for this workshop, a required application must be submitted for review, click here https://iplanit.swoogo.com/NPHTI2018 and select “Application”.

“What a wonderful, FULL EXPERIENTIAL training! The small group experience certainly contributed to learning and acquiring clinical hypnosis skills more quickly. Facilitators and faculty members were clear experts and provided critical support to our learning process. Looking forward to continuing to collaborate with my new colleagues.”

Lucile Packard Children’s Hospital at Stanford University.

“It was truly a transformative training. It challenged me to rethink my interaction with my patients and will continue to challenge me as I utilize my new skills to empower my patients and their families going forward. I feel passionate about sharing clinical hypnosis with my colleagues and have set a goal on returning to future conferences to continue learning and growing. Thank-you to each and every one of you for the incredibly important work you have done and are continuing to do with families.”

The undersigned acknowledges that s/he has volunteered to participate in a workshop in which s/he engages in a hypnotic state (“trance”), and that workshop participants and faculty will be present during this/these session(s).

Because this is a Skills Development Workshop, all participants are expected to attend the ENTIRE workshop and participate in all experiential exercises / activities, including trance experiences. Exceptions are not permitted. The clinician acknowledges that s/he will arrange one’s travel plans and regular clinical responsibilities in order to fully participate in the entire workshop.

The undersigned does not have any medical or mental health problems or other special conditions that might interfere with their participation, except as have been disclosed to faculty members.

The undersigned understands that Continuing Education Certificates are distributed at the completion of the workshop, upon completion of the evaluation form: again, please plan your travel accordingly.

In addition, an optional (for purchase) pre-ordered Certificate of Participation, (suitable for framing) is provided only to those attending the FULL program and must be picked up at the conclusion of the workshop.

The undersigned acknowledges that NPHTI reserves the right to withdraw from participation in the training workshop any clinician whose behavior significantly interferes with the group’s learning process, or is disrespectful and/or offensive to colleagues and/or faculty. NPHTI also reserves the right to withdraw participants who are not attending/participating the entire workshop.

The undersigned agrees to hold harmless NPHTI, MSCH, Children’s Hospitals and Clinics of Minnesota, the University of Minnesota Department of Pediatrics, and Fairview Health Services, their employees and members, the faculty, and other participants in the above described workshops, and indemnify them from and against any and all claims, damages, and costs arising from the undersigned’s participation in the above described workshops.
