

**Pediatric Clinical Hypnosis
Skill Development Workshops 2010**
presented by

NATIONAL PEDIATRIC HYPNOSIS TRAINING INSTITUTE

September 30 – October 2, 2010

**Radisson Hotel and Conference Center Minneapolis
3131 Campus Drive
Plymouth, Minnesota**

In Collaboration with
Minnesota Society of Clinical Hypnosis
University of Minnesota Department of Pediatrics

UNIVERSITY OF MINNESOTA

Medical School

Course Description

Clinical Hypnosis is a therapeutic intervention with empirical support for a variety of clinical conditions: including procedure-related and chronic pain, anxiety disorders, stress-related conditions, habit problems, sleep disturbance, and various medical conditions. This workshop provides training in the use of clinical hypnosis and its applications to children and teens with various conditions in pediatric settings. The workshop is offered at three levels (Introductory, Intermediate and Advanced) depending on the clinician's previous training in pediatric hypnosis. **Strong emphasis is placed on experiential learning, with supervised practice of hypnotic techniques suitable for children/teens and of integrating a developmental perspective.**

Introductory Workshop

This workshop teaches basic skill-building in hypnosis as a therapeutic intervention for children/teens experiencing a variety of clinical conditions. Particular focus is on pain, anxiety, and sleep, as well as examples of other pediatric conditions. Instructional videotapes and case vignettes are an integral component of presentations. Experiential learning is strongly emphasized (this workshop provides more than double the amount offered in most introductory hypnosis workshops), including group exercises and supervised small group practice focused on the structure and elements of clinical hypnosis with children/teens.

Intermediate Workshop

The focus in this workshop is on refining and expanding existing hypnosis skills in broader clinical applications, and furthering assessment and individualized treatment approaches for patients and their families. Clinical videotapes and case vignettes are integral components of presentations. **Those interested in receiving Intermediate instruction must provide evidence of previous training in pediatric hypnosis.** Participants **must** also have experience in using clinical hypnosis with pediatric patients. A "Prior Learning/Needs Assessment" questionnaire will be emailed to you subsequent to registering for this workshop. This is **not** a beginning level course.

Advanced Workshop

Individualized Consultation is provided in the Advanced Workshop for those health and mental health care practitioners interested in enhancing their knowledge and expertise in the use of pediatric hypnosis. This 23 hour intensive meeting is designed to fulfill the requirements for attaining ASCH Certification in Clinical Hypnosis and/or to obtain the hours of consultation necessary to become an Approved Consultant. **In addition to providing evidence of previous training and regular use of hypnosis in their clinical practice, Advanced participants must bring and present a DVD or VHS videotape of hypnotic work with a patient and a corresponding typed case vignette of the video.** A "Prior Learning /Needs Assessment" questionnaire will be emailed to you subsequent to applying for this workshop.

Individuals attending this program must have completed an ASCH-approved Basic and Intermediate Workshop (such as those formerly taught by this faculty via the Society of Developmental and Behavioral Pediatrics) and should be using hypnosis regularly in their professional practice. The format is unique and one in which participants meet and consult in a small group setting with fellow practitioners and a group of facilitators who are ASCH approved consultants. This model encourages and expects participants to learn from one another, to have their own expertise affirmed and expanded, and to network with other professionals in pediatric clinical hypnosis. During the consultation workshop the focus is upon issues unique to each practitioner's specialties and practice.

Eligibility and Target Audience

These workshops would be ideal for persons holding a:

- Doctoral Degree in Medicine, Psychology, or Dentistry
- Masters Degree in Social Work, Marriage and Family Counseling, or Clinical or Counseling Psychology
- Masters Degree in Nursing or a Registered Nurse subspecialty training and certification
- Other Advanced degree health care providers, e.g. P.T., O.T.
- Students actively enrolled in graduate programs leading to degrees in any of the foregoing
- Child Life Specialists holding a Bachelor's degree are also accepted

Course Materials

A CD with a PDF of the course presentations will be available to attendees and distributed at the Workshop. Presentations will be available for review or download one week prior to the Workshop and will be posted on the CME Web Site: www.cmecourses@umn.edu. A printed syllabus will not be distributed at the workshop.

Accreditation

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint sponsorship of the University of Minnesota, The National Pediatric Hypnosis Training Institute and the Minnesota Society of Clinical Hypnosis. The University of Minnesota is accredited by the ACCME to provide continuing medical education for physicians.

The University of Minnesota designates this educational activity for a maximum of *24.5 AMA PRA Category 1 Credits™* for the **Introductory Workshop**, *23.75 AMA PRA Category 1 Credits™* for the **Intermediate Workshop** and *23.0 AMA PRA Category 1 Credits™* for the **Advanced Workshop**. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Minnesota Board of Social Work

This activity has been approved by the State of Minnesota Board of Social Work for 24.5 continuing education credit hours for the **Introductory Workshop**, 23.75 continuing education credit hours for the **Intermediate Workshop** and 23.0 continuing education credit hours for the **Advanced Workshop**.

Minnesota Board of Marriage and Family Therapy

An application for credit is pending with the Minnesota Board of Marriage of Family Therapy.

Nurse Practitioners, Nurse Specialists, and Other Health Care Professionals

Nurse practitioners, clinical nurse specialists, and other health care professionals who participate in this CME activity may submit their Statements of Attendance to their appropriate accrediting organizations or state boards for consideration of credit. The participant is responsible for determining whether this activity meets the requirements for acceptable continuing education.

APPLICATIONS FOR ADDITIONAL TYPES OF CREDIT HAVE BEEN APPLIED FOR AND WILL BE UPDATED ON THE WEB SITE WHEN APPROVED.

Workshop Location and Overnight Accommodations

Radisson Hotel & Conference Center Minneapolis

3131 Campus Drive, Plymouth, MN 55441

Phone: 763-559-6600

Web site: www.radisson.com/minneapolismn_plymouth

A block of sleeping rooms is available at the discounted rate of \$94.00 plus the current 7.275% tax. Please make your reservations directly with the hotel by the cut-off date of **September 8, 2010**, and refer to the course by name to receive the discounted rate. Reservations will be accepted on space and rate availability. Parking is complimentary and adjacent to the conference center.

Registration Fees and Early Registration Discount

Register by **August 2, 2010** to take advantage of our early-registration discount! See the registration form in this brochure for more information. The fees listed on the registration form include conference materials, continental breakfasts, buffet lunches, refreshment breaks and evening welcome reception. A letter of confirmation, driving directions and parking information will be e-mailed to you once we receive your completed registration form.

To Register

You may choose ONE of the following methods to register for this conference:

ONLINE: Go to www.cmecourses.umn.edu
CALL: (612) 626-7600 or (800) 776-8636
FAX: (612) 626-7766
MAIL: **Pediatric Hypnosis**, Office of CME,
University of Minnesota,
University Park Plaza, Suite 601,
2829 University Avenue SE,
Minneapolis, MN 55414

If you have any questions, please contact our office at the number above, or e-mail us at cme@umn.edu.

Cancellation Policy

In the event you need to cancel your registration, the registration fee, less a \$50 administrative fee, will be refunded if you notify us by 4:30 p.m. Central Time on **September 16, 2010**. No refunds will be made after this date.

Disclosure Policy

It is the policy of the University of Minnesota Office of Continuing Medical Education to ensure balance, independence, objectivity and scientific rigor in all of its sponsored educational activities. All participating speakers, course directors, and planning committee members are required to disclose to the program audience any financial relationships related to the subject matter of this program. Relationships of a spouse/partner with proprietary entities producing health care goods or services should be disclosed if they are of a nature that may influence the objectivity of the individual in a position to control the content of the CME activity. Disclosure information is reviewed in advance in order to manage and resolve any possible conflicts of interest. Specific disclosure information for each speaker, course director, and planning committee member will be shared with the audience prior to the speaker's presentation.

INTRODUCTORY WORKSHOP

Educational Objectives

- List the stages of hypnosis
- Describe hypnosis as a process of therapeutic communication
- Describe and demonstrate four pediatric hypnosis induction methods
- Identify four developmental considerations influencing hypnotic techniques
- Describe a hypnotic method for intensification, suggestions, utilization and talking in trance
- Describe the processes of re-alerting and debriefing
- List four applications for pediatric hypnosis
- Describe and demonstrate, for each situation, a hypnotherapeutic approach for children experiencing procedural pain, chronic and recurrent pain, clinical anxiety and sleep disturbance
- Outline a strategy for getting started using hypnosis in clinical practice

INTRODUCTORY WORKSHOP PRELIMINARY AGENDA

Co-Coordinators: **Pamela Kaiser, PhD**
and **Candace Erickson, MD**

Thursday, September 30

7:30 AM Registration and Continental Breakfast
8:25 AM Introduction and CME Overview
8:30 AM Introduction to Workshop: Overview
8:50 AM Introduction to Hypnosis: Definitions, Theories, Myths and Misperceptions, Uses, Susceptibility
9:20 AM Large Group Hypnosis: "The Right Way?"
10:00 AM Refreshment Break
10:15 AM Generic Structure and Stages of Hypnosis
10:45 AM Introduction to Hypnotic Induction and Intensification Techniques
12:15 PM Lunch Buffet (included)
1:30 PM Supervised Small Group Practice #1: Exercises, Rapport, and Inductions
3:00 PM Refreshment Break
3:15 PM Supervised Small Group Practice #2: Exercises, Rapport, Induction, Intensifying, Alerting, Debriefing
5:00 PM Introducing Hypnosis to Patients and their Families and Utilization of Parents
5:15 PM History of Hypnosis
5:30 PM Ethics and Professional Conduct (With Intermediate and Advanced Levels)
6:00 PM Adjourn for the Day
Evening Optional: Viewing (on own) of Videotapes

Friday, October 1

7:30 AM Continental Breakfast
8:00 AM Developmental Considerations
9:15 AM Formulating Suggestions: Language, Utilization and Talking in Trance
10:25 AM Introduction to Small Group Practice #3
10:30 AM Refreshment Break
10:45 AM Supervised Small Group Practice #3: Rapport, Induction, Intensifying, Language and Suggestions, Alerting, Debriefing
12:15 PM Lunch Buffet (included)
1:30 PM Clinical Applications: Anxiety and Self-Regulation
3:00 PM Clinical Applications: Sleep
3:40 PM Introduction to Small Group Practice #4
3:45 PM Refreshment Break
4:00 PM Supervised Small Group Practice: #4: Focus: Rapport, Induction, Intensifying, Suggestions, Utilization, Talking in Trance, Alerting, Debriefing
5:30 PM Learning and Teaching Self-Hypnosis
6:00 PM Large Group Practice: Self-Hypnosis and Debriefing

6:15 PM Adjourn for the Day
Networking and Noshing with Hyp Neighbors (drinks and appetizers)
7:15 PM Optional: Viewing (on own) of Videotapes

Saturday, October 2

7:30 AM Continental Breakfast
8:00 AM Clinical Applications: Pain Management – General Principles
9:00 AM Clinical Applications: Acute Pain
9:45 AM Contextualization: Treatment Planning and Post-Hypnotic Suggestions
10:25 AM Introduction to Small Group Practice #5 and #6 and Work Setting Groups
10:30 AM Refreshment Break
10:45 AM Supervised Small Group Practice #5: Rapport, Informal Induction, Intensifying, Utilization and Suggestions, Post-Hypnotic Suggestions, Alerting, Debriefing
12:15 PM Lunch Buffet (included)
1:30 PM Supervised Small Group Practice #6: Focus: Rapport, Induction of choice, Intensifying, Utilization and Suggestions, Talking in Trance, Post-Hypnotic Suggestions, Alerting, Debriefing
2:45 PM Refreshment Break
3:00 PM Hypnosis in Your Work Setting: (with Intermediate Level)
Select One: (Groups May Change According to Registrants' Needs)
1) General Pediatrics
2) Behavioral-Developmental Pediatrics
3) Psychotherapy
4) Child Life
4:15 PM Organizations, Ongoing Education, and Getting Started (with Intermediate Level)
5:00 PM Q & A with Faculty and Advanced Level Participants (with Intermediate Level)
5:45 PM Conference Summary
6:00 PM Adjourn

NATIONAL PEDIATRIC HYPNOSIS TRAINING INSTITUTE

INTERMEDIATE WORKSHOP

Educational Objectives

- Refine therapeutic listening and language skills in “finding the hypnosis in the encounter”
- Improve competence in tailoring the hypnotic approach to match the child’s developmental level
- Expand skills in treatment planning
- Enhance ability - apply hypnotic strategies in broader clinical situations, e.g. chronic illness, acute and chronic pain, palliative care, anxiety, habits, sleep problems, and elimination disorders
- Perform with competence and confidence in teaching children and families self-hypnosis skills

PRELIMINARY AGENDA

Coordinator: Laurence Sugarman, MD

Thursday, September 30

7:30 AM	Registration and Continental Breakfast
8:30 AM	Introduction to Workshop: Overview (with Introductory and Advanced Groups)
8:50 AM	Review of General Principles of Hypnosis with Children: Utilization, Therapeutic Language, Treatment Planning
9:45 AM	Therapeutic Strategies Vary with the Child’s Development
10:30 AM	Refreshment Break
10:45 AM	Supervised Small Group Practice #1: Utilization and Language Principles
12:15 PM	Lunch Buffet (included)
1:30 PM	Teaching Self-Hypnosis, “Resistance”, and Parents’ Role
2:30 PM	Supervised Small Group Practice #2: Teaching Self-Hypnosis and Developmental Awareness
4:00 PM	Refreshment Break
4:15 PM	Introduction to the Role of Biofeedback
4:45 PM	Supervised Small Group Practice and Role Play #3: Basic Biofeedback Techniques
5:30 PM	Ethics and Professional Conduct (with Introductory and Advanced Groups)
6:00 PM	Adjourn for the Day
Evening	Optional: Viewing (on own) of Videotapes

Friday, October 1

8:00 AM	Continental Breakfast
8:30 AM	Hypnosis for Young People with Anxiety Disorders
9:45 AM	Clinical Vignettes for Discussion: Young People with Anxiety Disorders
10:30 AM	Refreshment Break
10:45 AM	Small Group Practice #4: Techniques for Anxiety Symptoms
12:15 PM	Lunch Buffet (included)
1:30 PM	Hypnosis for the Treatment of Young People with Pain

2:00 PM	Hypnosis for Young People with Acute and Chronic Pain
3:15 PM	Refreshment Break
3:30 PM	Small Group Practice #5: Pain Management Techniques
5:15 PM	Hypnosis for Young People with Chronic Illness
6:15 PM	Adjourn
	Networking and Noshing with Hyp Neighbors (drinks and appetizers)

Saturday, October 2

7:30 AM	Continental Breakfast
8:15 AM	Approaches to Treating Young People with Sleep Disorders
9:00 AM	Minding Habits
10:15 AM	Refreshment Break
10:30 AM	Small Group Practice #6: Suggestions for Sleep and Habit Control
12:15 PM	Lunch Buffet (included)
1:30 PM	Hypnosis in the Treatment of Young People with Elimination Disorders
2:45 PM	Refreshment Break
3:00 PM	Hypnosis in Your Work Setting (with Introductory Group)
	Select one:
	1) General Pediatrics
	2) Developmental-Behavioral Pediatrics
	3) Psychotherapy
	4) Child Life
4:15 PM	Organizations, Ongoing Education, and Getting Started (with Introductory Group)
5:00 PM	Q & A with Faculty and Advanced Level Participants (with Introductory Group)
5:45 PM	Conference Summary
6:00 PM	Adjourn

NATIONAL PEDIATRIC HYPNOSIS TRAINING INSTITUTE

ADVANCED WORKSHOP

Educational Objectives

- Evaluate one's own clinical skills and use of therapeutic language (through video review, critique, and discussion) in context of peer review and individualized consultation with mentor(s)
- Problem-solve challenging clinical situations applying hypnotic strategies
- Review, evaluate, and offer guidance regarding (others) clinical hypnosis encounters in mentor-facilitated small group peer consultation context
- Delineate and evaluate one's selection of targeted, specific goal(s) for the videotaped hypnosis session within the larger context of treatment planning

PRELIMINARY AGENDA

WORKSHOP FACULTY

Timothy P. Culbert, MD, ABMH, BCB

Assistant Professor of Clinical Pediatrics, Department of Pediatrics, University of Minnesota; Medical Director, Pediatric Integrative Medicine and Cultural Care; Children's Hospitals and Clinics of Minnesota; Board Certified in Biofeedback (BCB); ASCH Approved Consultant

Bob Deutsch, PhD

Private Practice in Adult, Child & Family Psychology, West Hartford, CT; Allied Health Professional (Division of Psychiatry) & Consulting Psychologist (Department of Hematology-Oncology) at CT Children's Medical Center; Consulting Psychologist, Social Security Department Bureau of Disability, Hartford, CT; Faculty, The New England Society of Clinical Hypnosis; ASCH Approved Consultant

Candace J. Erickson, MD, MPH

Course Director SDBP Clinical Hypnosis Workshops (1987-2009); Co-Coordinator, NPHTI Introductory Workshop; Associate Professor of Clinical Pediatrics, Developmental and Behavioral Pediatrics, Columbia University College of Physicians and Surgeons

Melanie A. Gold, DO, FAAP, FACOP

Clinical Associate Professor of Pediatrics, Division of Adolescent Medicine, University of Pittsburgh School of Medicine; Staff Physician and Research Coordinator for Student Health Services, Division of Student Affairs, University of Pittsburgh Student Health Service

Howard Hall, PhD, PsyD, BCB

Associate Professor, Division of Developmental/Behavioral Pediatrics and Psychology, Departments of Psychology and of Pediatrics, Case Western Reserve University; Rainbow Babies and Children's Hospital Case Medical Center, Cleveland; Board Certified in Biofeedback (BCB); ASCH Approved Consultant

Pamela Kaiser, PhD, CPNP, CNS

Co-Director, NPHTI; Former Associate Clinical Professor, Developmental-Behavioral Pediatrics (DBP), University of California, San Francisco; Former Director, DBP Training of Stanford Pediatric Residents; Former Director: Anxiety, Stress, and Health Clinic, Children's Health Council; Clinical Child & Adolescent Psychologist; Certified PNP; ASCH Approved Consultant

Daniel P. Kohen, MD, ABMH

Co-Director, NPHTI; Director, Developmental-Behavioral Pediatrics; Professor, Departments of Pediatrics and Family Medicine and Community Health, University of Minnesota; MSCH Director of Education and Training; Past President, American Board of Medical Hypnosis and Minnesota Society of Clinical Hypnosis; ASCH Fellow and Approved Consultant

Leora Kuttner, PhD

Clinical Psychologist and Clinical Professor of Pediatrics, University of British Columbia and British Columbia Children's Hospital, Vancouver, Canada; Vice-president, Canadian Society of Clinical Hypnosis (BC Division)

Karen Olness, MD, ABMH

Professor of Pediatrics, Family Medicine, and Global Health, Case Western Reserve University; Diplomate and Past-President, American Board of Medical Hypnosis; Past President, American Society of Clinical Hypnosis; Past President, Society for Clinical and Experimental Hypnosis; Past President, International Society of Hypnosis; Fellow, ASCH & SCEH

Judson B. Reaney, MD, FAAP, BCB

Clinical Practice Director of Developmental and Behavioral Pediatrics, Alexander Center for Child Development and Behavior, Park Nicollet Clinic; Physician Lead for Professional Renewal at Park Nicollet Health System, Minneapolis; Instructor of Pediatrics, University of Minnesota; Board Certified in Biofeedback (BCB); ASCH Approved Consultant

Laurence I. Sugarman, MD, ABMH

Clinical Associate Professor in Pediatrics, University of Rochester School of Medicine and Dentistry; Developmental and Behavioral Pediatrics, Easter Seals (NY) Diagnostic and Treatment Center; President, American Board of Medical Hypnosis; ASCH: Vice President, Fellow, and Approved Consultant

The Rev. James W. Warnke, LCSW

Private Practice; Past President & Board Member, and Senior Faculty Member (retired), New York Society for Ericksonian Psychotherapy and Hypnosis

Lonnie K. Zeltzer, MD

Professor of Pediatrics, Anesthesiology, Psychiatry and Biobehavioral Sciences, UCLA
